**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. ATT was at one time my carrier but they do not provide solid reliable internet service. I teach online at least 150 students every semester. I take my teaching as a full professor very very seriously and it became a very frustrating experience using ATT when internet speed became slower and slower in the hill area where I live.

I switched over to an independent carrier called Sonic. It is much more reliable, faster and far better face to face service and phone service.

Competition is the heart and soul of good business practices. It is what built this country. Please secure my right to quality competitive internet access.

Thanks for listening.
